

GUEST SESSIONS

S

GUEST1
Symposium

Saturday, 3 June
14:00 – 15:30

Ethical care in ICU: daily issues

Room W

Symposium organised by the European Society of Intensive Care (ESICM)

Chair:

Jozef Kesecioglu (Utrecht, Netherlands)

Brain death definition: is brain dead...dead enough?

Giuseppe Citerio (Monza, Italy)

Resuscitative Extracorporeal Life Support: how much bang for the buck?

Jozef Kesecioglu (Utrecht, Netherlands)

Variation in end- of -life care: do we need yet another SOP?

Andrej Michalsen (Tettngang, Germany)

S

GUEST2
Symposium

Saturday, 3 June
17:00 – 18:30

Simulation in postgraduate training

Room 5

Symposium organised in collaboration with the European Board of Anaesthesiologists (EBA)

T

Chairs:

Doris Østergaard (Herlev, Denmark)

Georges Savoldelli (Geneva, Switzerland)

Should simulation be compulsory in PG training?

Georges Savoldelli (Geneva, Switzerland)

How to implement simulation based training in post graduate medical education?

Doris Østergaard (Herlev, Denmark)

Simulation for learning team dynamics - systemic debriefing methods

Michaela Kolbe (Zürich, Switzerland)*

What can I make of these concepts as a clinical teacher

Leila Niemi-Murola (Helsinki, Finland)

S

GUEST3
Symposium

Sunday, 4 June
08:30 – 10:00

Cardiopulmonary resuscitation (CPR) and medical emergency team (MET). Up-to-date technology

Room E

Symposium organised by European Society for Computing and Technology in Anaesthesia and Intensive Care (ESCTAIC)

Chairs:

Gabriel Gurman (Beer Sheva, Israel)

Bernd Böttiger (Cologne, Germany)*

IT support for early warning scores

Chris Subbe (London, United Kingdom)

Mobile phone dispatch for first responders and laypersons - in-and out-of-hospital

Michael Müller (Freiburg, Germany)

Evolution of automatic external cardiac massage devices - when to use

Bernd Böttiger (Cologne, Germany)*

S GUEST4
Symposium

Sunday, 4 June
10:15 – 11:45

Endotracheal tube (ETT) current status and future directions

Room E

Symposium organised by European Society for Computing and Technology in Anaesthesia and Intensive Care (ESCTAIC)

Chair:

Gabriel Gurman (Beer Sheva, Israel)

The endotracheal tube cuff - a small device with a huge task

Gabriel Gurman (Beer Sheva, Israel)

Endotracheal tube and its related complications

William Denman (Boston, United States)

New developments and technologies aiming to reduce endotracheal tube related complications

Shai Efrati (Rishon Le'tzion, Israel)

S GUEST5
Symposium

Sunday, 4 June
10:30 – 12:00

IFNA-EBA-ESA Task Force

Room R

Session organised by the International Federation of Nurse Anesthetists (IFNA) in collaboration with the ESA and the European Board of Anaesthesiologists (EBA)

Chairs:

Charles-Marc Samama (Paris, France)

Pascal Rod (Mantes la Jolie, France)

The anaesthetic team, a model in practice: the Scandinavian experience and the EBA view

Jannicke Mellin-Olsen (Sandvika, Norway)

Brian Kinirons (Galway, Ireland)

How to enable comparability of nurse anaesthesia competencies across borders

Marianne Riesen (Schaffhausen, Switzerland)

An example for validating and implementing the CanMEDS-based IFNA standards

Christian Herion (Aarau, Switzerland)*

S GUEST6
Symposium

Sunday, 4 June
14:00 – 15:30

Modern aspects of procedural sedation

Room 1

Symposium organised by the European Society for Intravenous Anaesthesia (EUROSIVA)

Chair:

Alain Borgeat (Zurich, Switzerland)

Who should perform sedation?

Claude Meistelman (Nancy, France)

Does sedation influence cognitive function?

Olivier Langeron (Paris, France)

Tips for sedation during regional anaesthesia

Alain Borgeat (Zurich, Switzerland)

S

GUEST7
SymposiumSunday, 4 June
14:00 – 15:30**Liver and coagulation**Symposium organised by the Liver Intensive Care Group of Europe
(LICAGE)

Room E

**Chairs:**Fuat Saner (Essen, Germany)*
John Klinck (Cambridge, United Kingdom)**How best monitoring coagulation in the operation room in year**

Anabela Blasi (Barcelona, Spain)

Fresh Frozen Plasma (FFP), Platelets, Factors Concentrates: how and when

Koen Reyntjens (Groningen, Netherlands)

Coagulation in liver disease: facts and myths

Gianni Biancofiore (Pisa, Italy)

Hands on: how I managed this difficult case

Dana Tomescu (Bucharest, Romania)

S

GUEST8
SymposiumSunday, 4 June
16:00 – 17:30**Anaesthetic toxicity-what you need to know in 2017**Symposium organised by the American Society of Anesthesiologists
(ASA)

Room 3

**Chair:**

Brenda Gentz (Tucson, United States)

Neurotoxicity of local anaesthetics

Andrew Rosenberg (New York, United States)

Neurodevelopmental toxicity of general anaesthetics in infants and children

Sulpicio Soriano (Boston, United States)

Systemic toxicity of local anaesthetics

Brenda Gentz (Tucson, United States)

S

GUEST9
SymposiumMonday, 5 June
08:15 – 10:15**Postoperative outcome: the role of anaesthesiologists**Symposium organised by the Chinese Society of Anaesthesiology
(CSA)

Room W

**Chairs:**Yuguang Huang (Beijing, China)
Daniela Filipescu (Bucharest, Romania)**Pre-anaesthesia TTE fast scan reduces postoperative mortality in unstable patients undergoing emergency surgery**

Jin Liu (Chengdu, China)

Anaesthesia and cancer recurrence

Yuguang Huang (Beijing, China)

Molecular hydrogen, a therapeutic medical gas in anaesthesiology, critical medicine and pain

Guo-lin Wang (Beijing, China)

The role of acupuncture in Enhanced Recovery After Surgery (ERAS): opportunities and challenges

Qiang Wang (Xi'an, China)

S

GUEST10
SymposiumMonday, 5 June
08:30 – 10:00**Contemporary studies of pain from basic research to clinical practice**Symposium organised by the International Anaesthesia Research
Society (IARS)

Room A

Chair:
Emery Brown (Boston, United States)

Beyond Enhanced Recovery After Surgery (ERAS): biologic systems which regulate speed of recovery after injury
James C. Eisenach (Winston-Salem, United States)*

New insights into human pain mechanisms from advanced neuroimaging
Irene Tracey (Oxford, United Kingdom)

Opioid-free anaesthesia: theory and practice
Marusa Naranjo (Mérida, Mexico)

S GUEST11
Symposium

Monday, 5 June
08:30 – 10:00

Key points in providing general anaesthesia for the obese patients

Room B

Symposium organised by the European Society for Perioperative Care of the Obese Patient (ESPCOP)

Chairs:
Luc De Baerdemaeker (Ghent, Belgium)
Daniela Godoroja (Budapest, Romania)

Hemodynamic monitoring in the obese
Roman Schumann (Boston, United States)

How to make optimum use of pulse oximetry in the obese
Tomasz Gaszynski (Lodz, Poland)

Measuring neuromuscular blockade and intraoperative nociception
Jan Paul Mulier (Bruges, Belgium)

Intra-operative pulmonary monitoring
Paolo Pelosi (Genoa, Italy)

S GUEST12
Symposium

Monday, 5 June
10:30 – 12:00

Monitoring and outcome in anaesthesia

Room X

Symposium organised by the Brazilian Society of Anesthesiology (SBA)

Chair:
Ênis Donizetti Silva (São Paulo, Brazil)

Does EEG monitoring reduce morbidity and mortality?
Rogean Rodrigues Nunes (Fortaleza, Brazil)*

Hemodynamic monitoring in high-risk patients
Ênis Donizetti Silva (São Paulo, Brazil)

How beneficial is intraoperative temperature control?
Eduardo Giroud Joaquim (São Paulo, Brazil)

S GUEST13
Symposium

Monday, 5 June
10:30 – 12:00

Use of ultrasound paediatric regional anaesthesia: state of the art evidence

Room E

Symposium organised by the Society for Ultrasound in Anaesthesia (SUA)

Chairs:
Dario Galante (Foggia, Italy)
Rishi Diwan (Liverpool, United Kingdom)

Ultrasound guided Transversus Abdominis Plane (TAP) block in children, potential and practice
Alberto Benigni (Bergamo, Italy)

Ultrasound trunk blocks for paediatric thoracic surgery
Nekrasov Konstantin (Petah Tiqwa, Israel)

Ultrasound guided caudal blocks in paediatric patients
Candice Burrier (Columbus, United States)

Use of ultrasound in paediatric anaesthesia: is it always necessary?
Luciano Anselmi (Bellinzona, Switzerland)

S

GUEST14
Symposium

Monday, 5 June
14:00 – 15:30

Evidence-based recommendations for anaesthesia practice: a critical appraisal

Room 4

Symposium organised by the New York State Society of Anesthesiologists (NYSSA)

Chair:
Richard Beers (Syracuse, United States)

The evidence for practices to prevent infectious transmission during anaesthesia care
Richard Beers (Syracuse, United States)

The evidence for practices to prevent Central Nervous System (CNS) complications during anaesthesia and surgery
Audree Bendo (Brooklyn, United States)

The evidence for practices to prevent complications from regional anaesthesia
Rose Berkun (Buffalo, United States)

S

GUEST15
Symposium

Monday, 5 June
14:00 – 15:30

Evidence in clinical decision-making: high to low income countries

Room W

Symposium organised by the World Federation of Societies of Anaesthesiology (WFSA)

Chair:
Davy Cheng (London, Canada)

Anaesthetic drugs: ketamine versus intravenous versus inhalation anaesthesia and postop pain management - Context in low-income countries
Bisola Onajin-Obembe (Port Harcourt, Nigeria)

Monitoring technologies: minimal or airbus cockpit?"
Claude Martin (Marseille, France)

Perioperative techniques: how can anaesthetic-related mortality in the low-income countries keep pace with the high-income countries?
Janet Martin (London, Canada)
